MILES is a parisian songwriter, swinging electric & acoustic guitar, piano and loops. His second album was called « **I Miss Boredom** ». But passion and intensity defines Miles Oliver, folk songwriter of a nouveau genre. Before singing his dreamy, dark et haunting melodies, the Parisian troubadour played a lot of rock and hardcore. And his music has kept its energy, tension and emergency. One band itself!

An alchemy between lo-fi rock, sad folk and poetry that makes you think about **Bonnie Prince Billy, Sonic Youth and Troy Von Balthazar**.

He played more than **200 shows** in **USA, France, Belgium, Germany, Italy, Spain, Switzerland, Poland, Czech Republik** .

He shared stage with **Scout Niblett, Shannon Wright, Troy Von Balthazar, King Dude, Francois Virot, Jonah Matranga and House Of Wolves**..

His first LP "Breathe" is out November 2014, his second LP "I Miss Boredom" is out March 2016.

His third LP "**Color Me**" is released in **November 2018** on **MICROCULTURES** and **ATYPEEK MUSIC**
